Create the following website about “Travel Destinations” using only HTML.

home.html

You can use an emoji for the image before the “Explore the World” text.

You need to link specific webpages to the top of the home.html as shown in the image.

Texts needed for home.html,

1. Bali, Indonesia
Known for its stunning beaches, vibrant culture, and lush landscapes. Perfect for relaxation and adventure.
2. Swiss Alps, Switzerland
Famous for skiing, breathtaking views, and charming villages. A paradise for nature lovers.
3. Tokyo, Japan
A mix of modern technology and traditional culture. Great for food, shopping, and history.

The copyright mark needs to be inserted using HTML character entities.

There is a horizontal line before the copyright mark on every webpage.

TRAVEL SAFETY Tips

- TOUR FOR SURE**
Always book your tour through a reputable travel agency. Read reviews and check the company's credentials before booking.
- GET TRAVEL INSURANCE**
Travel insurance is essential for covering unexpected events like medical emergencies, lost luggage, or trip cancellations.
- KEEP YOUR DOCUMENT SAFE**
Keep your passport, tickets, and other important documents in a secure place. Consider using a travel pouch or a small safe.
- RESEARCH ROAMING COST**
Check your mobile phone's roaming charges before traveling. Consider using a local SIM card or a portable Wi-Fi device.
- SAVE HEALTHCARE DETAILS**
Keep a list of your medical history, allergies, and current medications. Carry this information with you in case of an emergency.

Submit your answers as a zipped folder with the word document including source code along with screenshots of your website and html files on or before **18th April 2025** to ekel.
